CHART 1

Gross consumption of natural gas by OECD region

Total OECD indigenous production of natural gas was 6.4% higher in September 2017 compared to September 2016, with increases observed in all OECD regions. Growth was led by the OECD Americas (+4.0% y-o-y¹) with higher production in the USA (+4.3% y-o-y) and Canada (+7.0% y-o-y), however a decline was observed in Mexico's production (-14.3% y-o-y). OECD Asia Oceania's growth (+11.1% y-o-y) was particularly driven by Australia (+12.9% y-o-y) where new LNG facilities ramped up. OECD Europe's growth (+15.7% y-o-y) was led by Norwegian production increase of 47.3% y-o-y, due to reduced maintenance levels versus last year.

Total OECD imports (entries²) of natural gas increased by 0.7% in September 2017 compared to September 2016, mainly due to higher imports by OECD Europe (+4.1 % y-o-y). However, total OECD imports of LNG decreased across all OECD regions by 9.9% cumulatively on a y-o-y basis. Imports of all gas fell in OECD Asia Oceania and the OECD Americas by 8.2 % and 5.7% y-o-y, respectively. Overall, total OECD imports of natural gas increased by 6.7% in the first three quarters of 2017 compared to the same period last year.

Total OECD exports (exits²) of natural gas increased by 2.6% in September 2017 compared to September 2016. The increase was led by the OECD Americas (+11.1% y-o-y), where particularly the USA's exports increased by 23.0% y-o-y as new LNG facilities came online. OECD Asia Oceania's exports grew by 3.3% y-o-y, led by Australia (+3.3% y-o-y), whilst OECD Europe's exports decreased by 0.6% y-o-y. Overall, total OECD exports of natural gas increased by 10.3% in the first three quarters of 2017 compared to the same period last year.

Total OECD gross consumption of natural gas increased by 2.7% in September 2017 compared to September 2016. Both OECD Europe and OECD Asia Oceania experienced consumption growth, 14.6% and 2.8% respectively. Within OECD Europe, Germany (+29.0% y-o-y) and Turkey (+42.1% y-o-y) experienced the highest growth. The OECD Americas' consumption fell by 2.2% y-o-y, led by Mexico's consumption decline (-20.6% y-o-y).

1. Year-on-year (y-o-y) change over corresponding month of previous year.

2. Transit volumes are included. Trade amounts include intra-regional trade.

CHART 2

Indigenous production of natural gas by OECD region

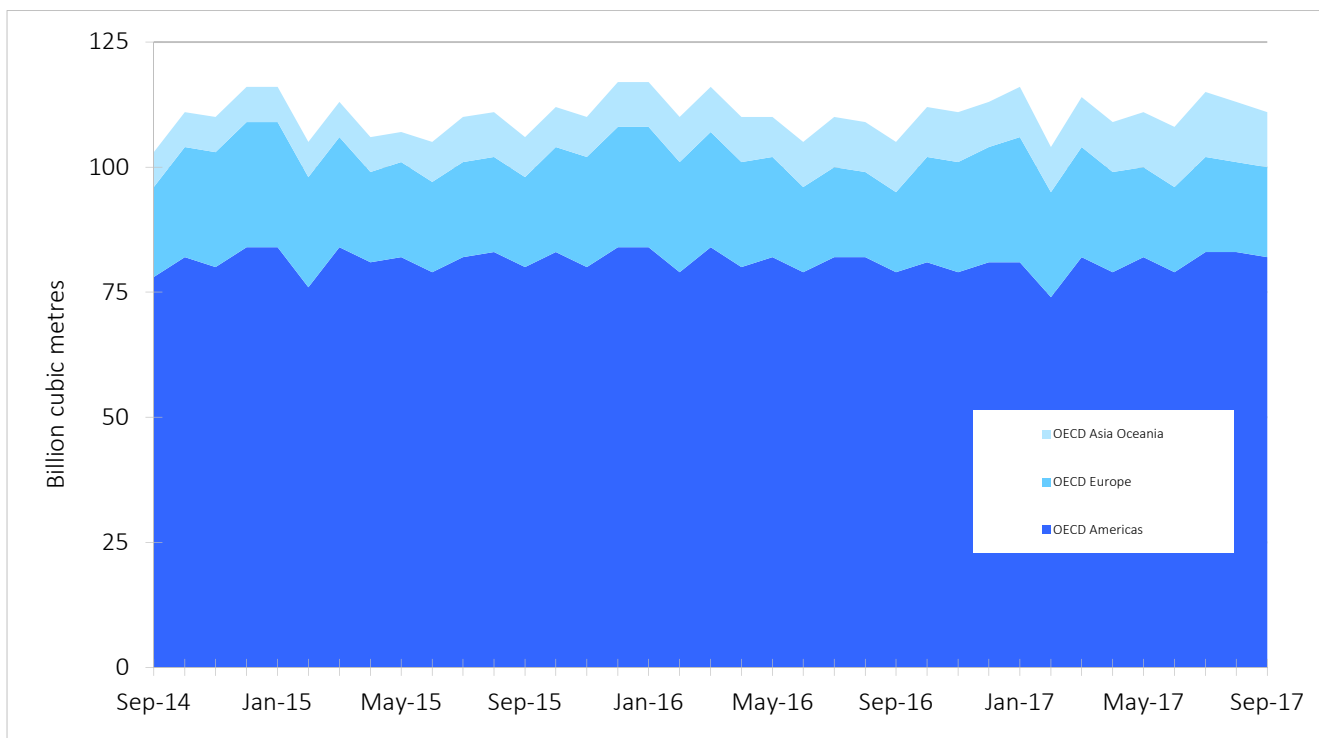

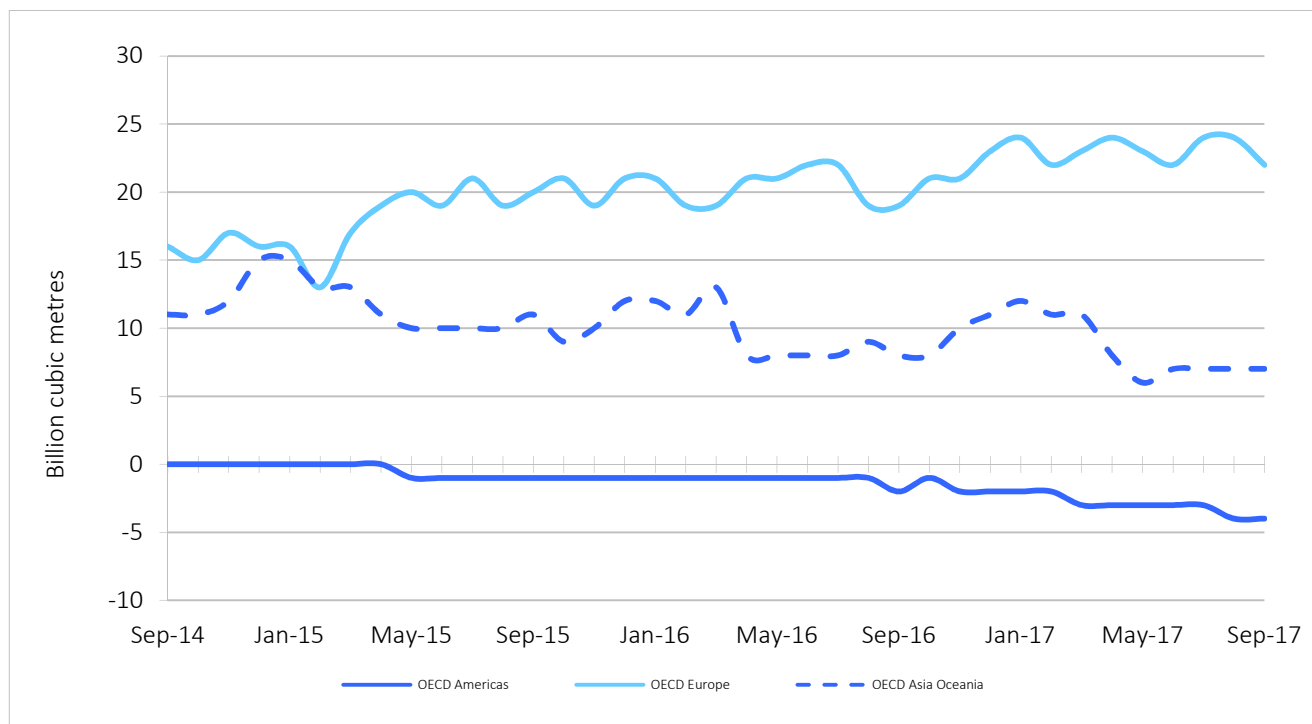

CHART 3

Net trade of natural gas by OECD region¹

1. Trade amounts include intra-regional trade.

NOTES

Please note that all IEA data are subject to the following Terms and Conditions found on the IEA's website:

<http://www.iea.org/t&c/termsandconditions/>

1) ESTIMATED DATA

Due to the absence of official data, the following data have been estimated:

Sweden	September 2017
Israel	January 2010 to September 2017

2) COUNTRY NOTES

Belgium	Most recent data on origins of imports and final destinations of exports of LNG are the best estimates from the Belgian Administration based on available preliminary data.
Canada	Data for Canada are submitted by the Department of Natural Resources (Natural Resources Canada, or NRCan), based on actual and preliminary data from Canada's national statistical agency (Statistics Canada) and various other sources. In cases where data from these sources are unavailable, estimates are conducted by NRCan, based on information available at the time, including alternative sources. Data are usually finalised within three months of the first publication. An important source for any differences between data published by Statistics Canada and data published by the IEA is data estimated by NRCan or the IEA Secretariat.
Iceland	There is no natural gas data for Iceland, as there is neither production nor consumption.
Ireland	As of April 2017 there is no gas stored in Ireland. Stock figures for April-May 2017 refer to line pack gas.
Israel	The statistical data for Israel are supplied by and under the responsibility of the relevant Israeli authorities. The use of such data by the OECD is without prejudice to the status of the Golan Heights, East Jerusalem and Israeli settlements in the West Bank under the terms of international law. Information is based on data published by the Ministry of Energy and Water Resources as well as the Central Bureau of Statistics.
Mexico	Observed gross inland deliveries of natural gas from January 2013 onwards are estimated. Revisions are pending.
United Kingdom	Beginning with January 2016, exits to the Isle of Man are reported under Non-Specified/Other. Prior to this date, exits to the Isle of Man were included in exits to Ireland.
